

Challenger Learning Center-St. Louis Boeing Educator Scholarship Grant Application 2012-13 School Year

Through the generous support of Boeing, the Challenger Learning Center is offering scholarships to teachers for professional development workshops, curriculum materials and student programs. Please take note of the following:

- Only K-12 teachers are eligible to apply.
- **Each individual teacher interested in bringing a group of students must fill out a separate application. Combined applications will not be accepted.**
- Priority will be given to teachers from underserved schools.
- Applications must be signed, either by hand or electronically by the teacher and administrator
- Applications must be received by **4:00 p.m. on April 5, 2012 and can be faxed, mailed or submitted electronically to info@clcstlouis.org.**
- Transportation costs are not included in the grant.
- No program will be entirely funded by the Boeing Educator Scholarship Fund.

Teacher Name: _____

School: _____

Grade/Subject: _____

School District (if applicable): _____

School Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Fax: _____

Email: _____

Have you previously attended a Challenger Learning Center program? Yes No

If so, what program did you participate in and when? _____

Please answer the following questions. Additional space may be used on a separate sheet (max. 1 page).

What percent of the students at your school are eligible for free or reduced lunch or (for private schools) receive some type of financial aid? _____

Please provide any additional information regarding your school's financial situation that will help the committee during the application evaluation process.

(over)

How will your participation in a Challenger Learning Center program make you a more effective teacher, better achieve your teaching goals, and enhance your students' learning experience?

Grades K-4

Jr Astronauts (2-hour program) number of students: _____

Grades 5-8

Mars, Comet or Moon mission only (2-hour program) number of students: _____

Mars, Comet or Moon mission AND Discovery Workshop number of students: _____
(4 ½-hour program, including 30 minutes for lunch)

Please note: For grades 5-8, if you have more than 30 students you will need multiple missions. It is suggested to sign up for the mission AND Discovery Workshop, which provides an extension of various mission-related topics and will enable two groups to be at the Center at the same time. One group will participate in a mission while the other group does the Discovery Workshop, and then they switch places.

If funding is granted, **I agree to participate in the required professional development workshop, which will take place during the instructional day.** In addition, I agree that my school will provide transportation and bring my students to the Challenger Learning Center on my scheduled date(s). Failure to comply with this agreement may result in forfeiture of funds awarded and will disqualify a teacher from receiving any future funding.
