

Challenger Learning Center-St. Louis Boy Scout Programs

2009-10

Bear Scouts

Bear Scouts can earn Arrow Points for the Space Elective Badge*. In this four-hour session, Scouts will build a model rocket, discover Earth's satellites, compare planets in our Solar System and participate in other engaging hands-on activities.

Cost: \$23/Scout

Dates: November 14, 2009
April 24, 2010

Time: 1-5 p.m.

**All requirements will be met except a visit to a planetarium.*

Webelos

Complete the Scientist Activity Badge in this four-hour program. Webelos will build a rocket, perform magic tricks, do experiments, and more--all of which will help Scouts understand several physics concepts, such as Bernoulli's principle and Newton's laws of motion.

Cost: \$23/Scout

Dates: November 14, 2009
April 24, 2010

Time: 8:30 a.m. - 12:30 p.m.

Boy Scouts

Earn the Space Exploration Merit Badge in this five-and-a-half-hour program. Boy Scouts will build, launch and recover model rockets, learn how space shuttles and rockets work, discover what elements a space station must have to be successful, and then design their own orbiting space station.

Cost: \$27/Scout

Dates: January 30, 2010
May 15, 2010

Time: 9 a.m. - 3 p.m.

Private workshops can be scheduled based on availability. Call for dates and prices.

All Scout programs can accommodate up to 25 participants.
