

# Challenger Learning Center-St. Louis Public Missions

2011-12

Bring your friends and family members to the Challenger Learning Center to participate in a simulated space mission.

After a brief training session, astronauts will be launched into space to complete their mission. Crew members onboard the spacecraft will work with their teammates in Mission Control to navigate the spacecraft, collect and analyze data using real robotic arms and glove boxes, build and launch a probe, and more.

- \$15/person
- Reservations are required
